KEEP YOUR DOOR  
LOOKING GREAT  
FOR LONGER

# HANDMADE IN BRITAIN

Proud to represent British manufacturers, we've been making quality door panels for over 25 years.

Operating from our purpose built facility in Yorkshire and serving a national network of over 1800 customers, we have grown to become one of the UK's leading manufacturers. Through our acquired knowledge and expertise we have built a respected reputation for delivering excellence in the products and service we provide.

## MADE BY CRAFTSPEOPLE

Whilst we utilise the latest in machinery and technology, we also rely on the knowledge and expertise of our highly trained people to carefully craft your door. This includes creating the beautiful glass patterns, many of which are done by hand.

# WHY CHOOSE A PVC-U DOOR?

Our high quality door panels are manufactured using advanced technology, which forms and bonds two PVC-U skins to a variety of materials and reinforcing options, to ensure the integrity of the panel in all elements.

### Affordable

Utilising Vacuum Forming technology, each PVC-U door panel is manufactured to exacting standards and hand finished to suit your style and budget.

### Highly Customisable

Providing a vast number of styles, glass designs and colours to choose from, we promise that no matter the age, style or aesthetic of your home, we can find the perfect PVC-U door for you.

### Durable

PVC-U is one of the most versatile options available. PVC-U is impervious to water, is colour stable and is resistant to everyday knocks and scratches.

### Low Maintenance

PVC-U doors require little to no maintenance, just an occasional wipe down with warm, soapy water and a lint-free cloth will keep your door looking great for years to come. For further details see page 30.

### Thermally Efficient

Protected by Heat Reflective Technology, our PVC-U door panels have a heat reflective skin which, when combined with an extra high density core, provides excellent insulation. This means your door does more than just look great; it also helps block noise and heat from entering or escaping your home.

### Environmentally Friendly

We're committed to minimising our environmental impact, which is why our PVC-U door panels feature a core material that is both CFC (chlorofluorocarbons) and HCFC (hydrochlorofluorocarbons) free, with none of these ozone depleting components being emitted during the manufacturing process or in situ.

**SECURICORE™**

Our accredited Securicore™ reinforcement option enhances security by meeting stringent industry standards.

This premium upgrade strengthens the door panel, offering added protection without compromising on style or thermal efficiency.

Our panels are recyclable, and we prioritise waste reduction. Any unavoidable waste is disposed of responsibly to minimise environmental impact.

Begin your journey to find your perfect door with our comprehensive range of PVC-U door styles.

Designed to harmonise with both traditional and modern homes, our doors come in a broad spectrum of styles. Each style is available in a variety of colours and authentic woodgrain finishes, allowing you to find the perfect match for the character of your home.

The customisation extends further with an array of glazing options and elegant hardware, enabling you to add a personal touch to your door. Whether your preference is timeless elegance or a sleek, contemporary look, our doors not only enhance your home's aesthetic but also offer lasting durability.

# MAKE IT PERSONAL

Our PVC-U doors are available in a range of Colourgrain and Woodgrain options. From modern Chartwell Green and Anthracite Grey to the ever popular Oak and Rosewood, we can help you find the perfect colour to suit your home.

PERSONALISE  
YOUR GLASS

If you have a totally bespoke design in mind or you would like to personalise your door with your favourite photograph, we can take practically any image\* and reproduce it straight onto glass using Direct Digital Glass printing (DDG). Ask for more details!

\*Copyright restrictions apply

ACCESSORISE  
YOUR DOOR

To beautifully complement and personalise your chosen door, we offer a selection of quality door furniture, including door knockers and letterplates, in a variety of colours.

# DOOR MAINTENANCE

## KEEP YOUR DOOR LOOKING GREAT FOR LONGER

Your new PVC-U door is extremely low maintenance and is very easy to clean. How often will depend on where you live. For instance, a coastal or industrialised location, or near a busy road, may mean cleaning is required a little more often.

We recommend the following to help you get the very best from your PVC-U door:

### CLEANING YOUR DOOR

- Wash the door and door frame with warm soapy water and a soft, lint-free cloth to remove grime and atmospheric deposits.
- Never use a pressure washer or steam cleaner.
- Stubborn marks on the door frame may need to be tackled with a specialised PVC cleaner but please ensure you read the cleaning guidelines carefully to ensure suitability.
- Under no circumstances should you use any solvent-based or abrasive cleaners and avoid the use of any adhesives or tacks for temporary fixing i.e. For seasonal or other decorations.

### MAINTAINING YOUR DOOR

- Once every six months or so, apply a little light engineering oil (such as 3 in 1 oil) on all moving parts of the lock, cylinder and hinges.
- We also recommend that you help protect your door from possible natural thermal distortion by engaging the locking points by simply pulling up the handle each time you shut the door.

With a little care and attention, your PVC-U door should continue to look great for years to come!

**THE UPVC
